Essenza

Wood Collection

Encapsulating the finest in Scandinavian design, Essenza is an on-trend wood-effect collection of four contemporary shades. This exceptionally versatile range comes in two traditional floorboard sizes, one of which, a high strength (R11 rated) 20 mm thick plank, is ideal for raised installations, dry laying, outdoor swimming pools and high traffic areas. With authentic textures and airy shades, Essenza can be used within a calming palette or as the backdrop to this year's bold colour trends. Whatever the space requires, Essenza embodies the true essence of Nordic living.
