Marble Collection

Celebrated for its purity and strength, the role of marble in architecture dates back to the ancient Egyptians. Well known for its construction qualities, it was Michelangelo, Donatello and Canova, revered for their marble sculptures, who established its association with art.

Once again, the modern day architect is taking advantage of marble's unique features, incorporating its charm into contemporary building design. Our Italian marble-effect tiles preserve this splendour, augmenting their natural beauty with porcelain's technical excellence to create the World's most awe-inspiring surface material. We welcome you to the Porcelain Tiles Marble Collection.

Surfaces reimagined

Our in-house architects and professional consultants think and speak the language of design. Working with the latest CAD software and enjoying a close partnership with our Italian manufacturers they have regular communication with some of the UK's most celebrated architects and designers. This allows us to offer a collection that is not only unrivalled in the tile sector, but also reflects the change in how we think about surface covering.

Seamless precision

The marble styles within our Grandi Marmi, Majestic and Stone Sense Collections are offered with up to six graphical faces with each providing 4.5 m² of surface area. This forms an authentic and uninterrupted surface with delicate veining continuing across each panel, ideal for luxurious wall cladding. Displayed above are panels from Covelano Calacatta, part of our Grandi Marmi Collection.

Through our **TAILOR-MADE⁺** solution designers can express their creativity to realise the extraordinary. Each piece is designed and produced to stand the test of time by our technical team. All items are bespoke and can be specified in a variety of sizes and styles to meet your design requirements.

From staircases and hidden doors, kitchen worktops with integrated basins, vanity units, stand-alone objects, desks and furnishing accessories, every project can now benefit from the stunning beauty, flexibility and superior technical performance of Italian porcelain.

Experience & knowledge

Our products have been specified in over a thousand projects worldwide, including some of London's most prestigious homes, and we are proud of the reputation we have earned within the architectural design sector. Providing our clients with a knowledgeable service and a superior product ensures that each and every project, whether it be a new development, contemporary office space or luxury hotel, has the opportunity to realise its potential to enhance the lifestyle of its occupants.

Delighting the senses

Driven by a pride in our product and an appetite for delivering effective design, we work with architects, interior designers, commercial and residential developers to bring ideas to life. From luxurious interiors to original pieces that delight the senses, clients are using porcelain to shape the space around them.

A search for perfection

Dedication and creativity drive us to explore the limits to what porcelain can do, and while we marvel at the grandeur of Calacatta marble and take pride in the sculptural forms of poured concrete, we realise this is a limit we have yet to reach. In pursuit of this goal we continue to innovate and offer products boasting the highest level of differentiated design, exceptional craftsmanship and state-of-the-art technology, all manufactured in Italy with respect to the environment.

Italian elegance

With an unmistakable Italian style, each and every tile is the embodiment of innovation and technical development and has the power to influence lifestyle and excite emotion. And while meeting the demanding structural, aesthetic and environmental needs of our clients and providing the style to satisfy modern and traditional tastes, porcelain has become the new luxury surface covering with the strength to shape design trends.

Onyx Sense

With a radiant and highly polished surface, Onyx Sense celebrates the translucence and irregular beauty of Onyx, displaying the wide variation and banding associated with this precious stone.

Natural markings in ivory and golden tones, allow light to bounce across its surface, creating a sense of drama unique to genuine Onyx. And with none of the maintenance issues encountered with conventional stone, Onyx Sense is ideal for luxurious wall and floor applications where the requirement is for the spectacular.

Available in eight colours and in Natural, Honed or Polished surfaces, Onyx Sense can also be fabricated into architectural columns, hidden doors, countertops and furnishing accessories.

Onyx Sense Bookmatched

For a dramatic statement, Onyx Sense offers stunning Bookmatched tiles in Persian Green. Available in 'Block A' and 'Block B' Polished marble surfaces and designed to create maximum impact these Bookmatched tiles are offered in 1500 x 3000 mm format, ideal for use in hotel lobbies, stairwells and luxury bathrooms.

Onyx Sense - Persian Green Bookmatched

Majestic

Majestic advances our Marble Collection by offering seven contemporary marble styles. From the delicate veining of Grey Stone and Velvet Taupe to the rich blacks of Portoro Extra, Majestic displays a richness of colour that permeates deep into the surface of the tile.

With ten formats, in sizes up to 1500 x 3000 mm and displaying an uninterrupted veining design across multiple panels, designers now have the opportunity to create a seamless expanse of marble on both floors and walls. For a touch of drama, Pietrasanta also offers a Bookmatched option.

Ideal for luxury residential projects and imposing office spaces, it is Majestic's enhanced technical credentials that make it applicable for ever more creative design schemes, helping to reinforce marble's importance as a modern surface material.

COIFFEUR

Stone Sense

Inspired by some of the world's most elegant marbles including Arabescato, Crema Marfil and Travertine, Stone Sense is a breathtaking collection that delivers the intricacies of Italian marble in a functional and highly versatile form. Incredible durability is provided within a non-slip, scratch-resistant surface, making Stone Sense ideal for installation in residential or public spaces, even where heavy traffic is expected.

Available in eleven sizes from 300 x 600 mm to monumental 1500 x 3000 mm slabs, this innovative material can be laid on both floors and walls to create an expansive, continuous marble surface. It is also the perfect complement to other materials such as stone, wood and concrete. Stone Sense utilises the latest compaction technology, a concept that combines light weight with technical performance, to produce a 6 mm thickness porcelain tile that is unparalleled in terms of its seamless application. For fabrication opportunities such as hidden doors, sliding walls, countertops, vanity units and furniture, Stone Sense brings its own unique style, even inspiring designers to create one-off pieces of art.

Adding to its sense of wonder, Stone Sense also features imposing Bookmatched pieces, featuring the dramatic veining of Arabescato, Venato and Statuario marble. Each Bookmatched pair is available in a highly Polished or Natural finish, and is an effective option for elegant commercial projects or high-end residential developments.

Grandi Marmi

Reproducing seven of the finest marbles including Calacatta and Carrara, Grandi Marmi uses cutting-edge technology to offer a precise marble finish in a highly versatile format.

Due to its scale, Grandi Marmi is suitable for rooms with higher ceilings and larger areas of floorspace, and can be incorporated into a vast array of fabrication pieces.

Grandi Marmi also features a continuous veining design, which spans across multiple panels and can also be provided in spectacular Bookmatched panels for use within hotel lobbies and entrance halls or for creating that spectacular feature wall. With Polished, Honed and Natural finishes available, Grandi Marmi is the most flexible dressing for any internal space.
