Narrazione

Representing a new generation of innovative surface materials, Italian porcelain provides designers with new opportunities, allowing them to bring their ideas to life, realising the most extraordinary and breathtaking concepts.

From architectural structures to custom-made furniture, contemporary landscapes to luxurious interiors, this versatile material is now at the heart of each concept, shaping the space around us and changing the way we think about surface covering. Offering an extensive range of ideas, colours and styles, we welcome you to the Surface Collection.

Porcelain redefined

By combining a lighter weight with increased technical performance, the Surface Collection represents a new generation of innovative surface materials. Redefining previous rules on size, new 150 x 300 cm format provide designers with the versatility to realise the most ambitious of schemes. In addition, two new formats measuring 270 x 120 cm and 120 x 120 cm have been introduced to offer designers, architects and contractors a practical format for walls with significantly less waste and installation without the need for cutting. Each colour features graphics that have been modified specifically for this new format. A thickness of just 6 millimetres means tiles can be laid on floors, used to clad walls or fixed to any vertical or horizontal surface, producing an easy to install, continuous flat surface with minimal grout lines and maximum decorative impact.

Uninterrupted splendor

Displaying extraordinary attention to detail, each porcelain slab provides 4.5 m² of surface area. The marble styles within our Surface Collection are offered with up to six graphical faces and form an authentic and uninterrupted surface with a delicate veining continuing across each panel, ideal for luxurious wall cladding. Displayed above are four panels of Invisible Grey from our Casa Dei Marmi Range.

Through our **TAILOR-MADE⁺** solution designers can express their creativity to realise the extraordinary. Each piece is designed and produced to stand the test of time by our technical team. All items are bespoke and can be specified in a variety of sizes and styles to meet your design requirements.

From staircases and hidden doors, kitchen islands with integrated basins, vanity units, stand-alone objects, table tops and furnishing accessories, every project can now benefit from the stunning beauty, flexibility and superior technical performance of Italian porcelain.

Casa Dei Marmi

Embodying the elegance of timeless marble, Casa Dei Marmi provides clients with a unique collection of eleven decorative surfaces. Ideal for retail, public and private developments, each 1.5 x 3 metre large format slab can be utilised on floors and walls, and integrated into a multitude of surface and furniture applications.

Casa Dei Marmi encompasses the rare beauty of Italian, Persian and Irish marble, and with a choice of snowy whites, fine greys and intense greens, has the versatility for both classic and contemporary settings.

Casa Dei Marmi provides examples of the finest marbles from around the world, each displaying characteristic swirls and veins and is available in a Polished, Honed and Natural finish.

Gem Stone

Leading the trend towards more expressive stones and marbles, Gem Stone offers designers a chance to express their individuality through the use of pattern and colour. With its dramatic ring-shaped formations, Gem Stone features Agate slabs in black, gold and blue, that add a pop of colour. Displaying an almost hypnotising charm, Gem Stone also offers a number of Opal shades with a translucent surface and a delicate quartz pattern.

Emerald Forest presents the most dramatic colour palette, displaying a turquoise finish with black and gold veins that rise through the surface of the stone. Intense colours, a highly polished surface and a wide choice of formats, mean that this unique collection of precious stones is sure to add character and create a masterpiece within any interior space.

Marvel

With a strong character and vibrant personality, Marvel takes inspiration from the World's most exquisite marbles. Our latest marble-effect range features eleven striking marble styles and is available in seven sizes. At just 6 mm thick, Marvel is designed for both flooring and cladding, and can also be specified for a wide variety of applications including countertops, fireplaces and fabricated objects such as furniture and vanity units.

Marvel provides a water-resistant surface that will never scratch or fade and demands none of the maintenance requirements encountered with conventional marble, and with each large format 1500 x 3000 mm slab offering 4.5 m² of surface area, creates minimal grout lines. Marvel is also offered with four graphical faces, forming an authentic and uninterrupted surface with warm veins continuing across each panel, ideal for luxurious wall cladding.

For a dramatic statement, Marvel also offers stunning bookmatched pairs in the Marmi Bianco, Marmo Orobico and Lapis Blue colour ways. Available in 'Block A' and 'Block B' Polished marble surfaces and designed to create maximum impact these bookmatched tiles are offered in 1500 x 3000 mm format, ideal for use in hotel lobbies, stairwells and luxury bathrooms.

Majestic

Majestic advances our Marble Collection by offering eight exciting new colours. From the rich browns of Velvet Taupe to the delicate veining of Bianco Carrara, Majestic displays depth of colour that permeates deep into the surface of the tile. A wide choice of formats, in sizes up to 1500 x 3000 mm provide designers with the opportunity to create a seamless expanse of marble on both floors and walls, ideal for luxury residential projects and imposing office spaces.

For a touch of drama, Pietrasanta also adds a Bookmatch option for designers. Majestic's technical credentials also make it applicable for more contemporary design schemes, reinforcing marble's continued popularity as a modern building material.
