

The background of the entire image is a dark, monochromatic marbled pattern. It features intricate, organic, and somewhat chaotic shapes in shades of black, dark grey, and charcoal, set against a slightly lighter, textured grey background. The overall effect is reminiscent of natural stone or volcanic rock patterns.

Vulcano - Crema Delicata

Vulcano

Stone Collection

Vulcano is a stone effect tile featuring the intricate patterns and authentic textures of volcanic rock. Offered in four complimentary shades and seven practical sizes, Vulcano is perfectly suited for high traffic commercial areas and open plan living spaces. Two finishes are available, Natural for internal applications and a Grip R11 finish for outdoor, making this collection an excellent choice for contemporary environments where the floor area spans both inside and out.
